

A Girl's Guide to Missiles by Karen Piper

In this memoir, Piper sketches in the belief systems that governed her life and that of her parents. It is also a search for the truth of the past and what really brought her parents to China Lake with two young daughters, a story that reaches back to her father's World War II flights with contraband across Europe. Finally, it recounts the crossroads moment in a young woman's life when she finally found a way out of a culture of secrets and fear, and out of the desert.
