Women of the Dunes by Sarah Maine

Libby Snow has always felt the pull of Ullaness, a headland on Scotland's sea-lashed western coast where a legend has taken root. At its center is Ulla, an eighth-century Norsewoman whose uncertain fate was entangled with two warring brothers and a man who sought to save her. The Sturrocks have owned the land where Ulla dwelled for generations, and now Libby, an archaeologist, has their permission to excavate a mysterious mound, which she hopes will cast light on the legend's truth. But before she can begin, storms reveal the unexpected: the century-old bones of an unidentified man.
