**Wildly Successful Farming** by Brian DeVore

*Wildly Successful Farming* tells the stories of farmers across the American Midwest who are balancing profitability and food production with environmental sustainability and a passion for all things wild. Written by agricultural journalist Brian DeVore, the book is based on interviews he has conducted at farms, wildlife refuges, laboratories, test plots, and gardens over the past twenty-five years.

**Coral Whisperers** by Irus Braverman

Working on the front lines of ruin, today's coral scientists are struggling to save coral reef ecosystems from the imminent threats of rapidly warming, acidifying, and polluted oceans. In *Coral Whisperers*, Irus Braverman documents a community caught in an existential crisis and alternating between despair and hope.

**Micro Living** by Derek Diedricksen

With detailed photography and a floor plan for each structure, *Micro Living* profiles 40 tiny — but practical — houses that are equipped for full-time living, all in 400 square feet or less. This is the perfect starter handbook for both dreamers and doers.
